

An aerial photograph of a residential area. In the foreground, a dense, lush green forest covers a significant portion of the frame. In the background, a long, multi-story stone building with many windows sits on a hillside. To the right, a row of smaller, two-story stone houses is visible, with several cars parked in front of them. A stone bridge with an arch is partially visible at the bottom right. The overall scene is a mix of urban development and natural greenery.
